HAROLD KATZ...

When he purchased the 76ers in July 1981, he fulfilled the goal of a confirmed sports fanatic. He had been a 76ers fan for many years and he lived and died with the team's successes and failures. Now as the sole owner of the local NBA franchise, his ambition is two fold—to win a championship with the team and also to convert the operation into a profitable business. He has been an immense success in private industry. In 1972 he established a weight loss center in Willow Grove, Pa. which today has grown into Nutri/System Inc., a publicly held company headquartered in the Phjladelphia suburb of Huntingdon Valley. The Company, with sales of $177 million, owns and franchises 567 weight-loss centers in 50 states and the District of Columbia. Nutri/System is the only company to offer a complete weight loss and weight-maintenance program utilizing professionals, personal services, and a proprietary food line that makes it unique from its competitors. Katz was born in Philadelphia (May 5, 1937) and was attending high school when his father passed away. Katz then assumed responsibility for operating the family grocery business where he received his first experience in sales, marketing and business management. Eventually he turned to other endeavors to develop his entrepreneurial ability, working as a life insurance salesman for several years and then becoming self-employed in marketing and advertising ventures until he established his weight loss firm. Katz, who is active in many charitable and philanthropic enterprises, lives in Rydal, Pa.

PAT WILLIAMS...

general manager who rejoined team August 6, 1974. Rated one of league's top innovators in attracting fans and also has fared well in player transactions. Started NBA career as business manager of the 76ers in 1968-69 season when team drew its then record 399,800 attendance. Moved to Chicago for next four seasons as Bulls' GM where he was instrumental in elevating attendance from 3,700 to over 10,000 per game. In 1973-74 served as GM at Atlanta where attendance also rose. 76ers broke attendance marks upon his return reaching a peak 15,718 average in 1977-78. Prior to NBA entrance, he had been an executive success in baseball. Assistant GM of the Miami Marlins in 1964, and in 1965 he became GM of the Spartanburg, S.C. Phillies. Elevated to the Spartanburg presidency in 1967. In 1965, 1966 and 1967 chosen the Western Carolina League's Executive of the Year and in 1967 also was selected Minor League Executive of the Year by Sporting News. A catcher at Wake Forest University, he signed a bonus contract with Phillies in 1962, and spent 1½ seasons as a Miami catcher. Reared in Wilmington, Delaware where he attended Tower Hill School. Born in Philadelphia, May 3, 1940, married to the former Jill Marie Paige of Riverside, Illinois, and father of sons Jimmy and Bobby and daughter Karyn. His book, "The Gingerbread Man," was published in fall of 1974 by Lippincott Co. Very active in the Fellowship of Christian Athletes.

JOHN NASH...

Assistant general manager and business manager who joined the team on July 28, 1981. He came to the 76ers after a six-year stint as executive secretary of the Big Five basketball program. His past experience includes posts with the 76ers, the Flyers, Eagles, Penn, the Blazers, the Spectrum and the Atlantic City Race Track. He also did radio and TV broadcasting with the Big 5. He is a graduate of St. Joseph's College and taught at Holy Child School in Drexel Hill where he also served as an assistant baseball and basketball coach. He is married to the former Ann Raley and they have 5 children. He was born Nov. 28, 1946 and resides in Springfield (Delco).

BILLY CUNNINGHAM...

One of the most popular players in the history of the 76ers. Assumed the 76ers coaching reins on November 4, 1977 to currently rank as the NBA's third youngest coach at 39. He returned to the NBA after retiring as a player just before the start of the 1976-77 season when a knee injury he suffered 20 games into the 1975-76 campaign failed to respond to treatment. In his 5 years as 76ers coach, the club has won 279 games, more than any other coach in that span. He reached 200 wins faster than any coach in NBA history.

He played 11 years in the pro ranks after being the No. 1 draft choice of the 76ers in 1965 following a collegiate career at North Carolina. The Brooklyn native starred for the 76ers (1965-66 through 1971-72), and then switched to the ABA Carolina Cougars. He returned to the 76ers for the 1974-75 campaign to add two more seasons to his career.

Billy was a key member of the 1966-67 NBA champions. He was chosen on the League All-Stars First Team in 1968-69, 1969-70 and 1970-71 and on the second team in 1971-72. He played in four All-Star games. He was the ABA's MVP in 1972-73. In his NBA career he played 654 games and tallied 13,626 points for a 20.8 average. His best year was 1969-70 when he registered 2114 points for a 26.1 average. In his best ABA season he scored 2028 points (24.1 ave.) to win the MVP laurels.

He played high school basketball at Erasmus in Brooklyn. He is married (wife Sondra) and has daughters Stephanie and Heather. He was born June 3, 1943.

JACK McMAHON...

Director of player personnel and assistant coach who joined team late in 1972-73. Rated an outstanding evaluator of court talent due to his long experience in pro basketball. Former coach of the Cincinnati Royals and San Diego Rockets in the NBA. Also piloted Kansas City in 1961-62 in American League prior to coaching Chicago Zephyrs in NBA for half a season. Guided Cincinnati for four seasons and posted two second-place finishes as well as a playoff berth each campaign. Tenure at San Diego lasted two and one-half seasons starting in 1967-68. His next stop was at Pittsburgh in the ABA for a year and a half. He scouted for Condors last half of 1971-72 campaign. At San Diego he also served as club's general manager and had the most successful expansion draft in league history in 1967. Played collegiately at St. John's and spent eight years in NBA after leading St. John's into two NCAA and two NIT tourneys. Played 3 years with Rochester before going to St. Louis to help 1957-58 Hawks win the NBA title. Has 30 consecutive years in pro basketball as player, coach or scout. Married to former Kay Woods and has two sons and a daughter. He was born December 3, 1929.

MATT GUOKAS...

After 4½ years as a member of the 76ers broadcast team, he became an assistant coach in December 1981 to succeed Chuck Daly. An All-American at St. Joseph's College where his ball-handling ability and floor generalship made him the 76ers first round draft choice in 1966.

After 4½ seasons with the 76ers, including the 1966-67 championship campaign, he moved on to play for Chicago, Cincinnati, Kansas City, Houston, Buffalo, back to Chicago and back to Kansas City before closing out his career. Played for six different teams in his 10-year NBA career, accumulating over 4,000 points and 16,000 minutes in 735 games.

His father, Matt, Sr., played for the 1946-47 champion Philadelphia Warriors in the NBA's inaugural season.

HISTORY OF THE 76ERS

Professional basketball in its modern phase has had two stages in this city. The first section comprised the career of the Warriors between 1946 and 1962 and saw two titles come here—1947 when the immortal Joe Fulks hit his heights and 1956 in Tom Gola's rookie season.

When the Warriors were transferred to San Francisco at the close of the 1961-62 campaign, it appeared pro basketball would be just a memory. Irv Kosloff and the late Ike Richman, however, teamed to purchase the Syracuse Nats in the spring of 1963 and bring the franchise here. The team was renamed the 76ers and Dolph Schayes was named coach for the 1963-64 season.

Dolph piloted the team for three seasons and in his final year he steered the 76ers to the Eastern Division titled aided by the addition of Wilt Chamberlain who came in January 1965 in a deal with San Francisco. Alex Hannum took over the coaching reins in the 1966-67 season and led the team to a 68-13 record. The club won the third title in the city's history, a total exceeded only by Boston and Minneapolis.

Hannum steered the team to its third straight Eastern Division title in 1967-68, and then the Jack Ramsay regime began. Ramsay had been the club's GM during Hannum's two years as coach and when Hannum left after the 1967-68 season, Jack assumed the coaching duties—along with his GM chores. He didn't have Chamberlain who was traded to Los Angeles, but still managed to finish second in the division that year.

Ramsay relinquished the GM role to Don DeJardin just before the start of the 1970-71 season and confined his efforts to coaching for two seasons. For 1972-73 Roy Rubin succeeded Ramsay until the All-Star game break when Kevin Loughery supplanted him. Gene Shue was named coach on June 15, 1973 and started the club's resurgence in the 1973-74 campaign. Pat Williams became the club's GM in August 1974. Fitz Eugene Dixon, Jr. purchased the club from Kosloff in May 1976. Julius Erving was secured on October 21, 1976 and the team won the Atlantic Division title and lost in the NBA finals.

On November 4, 1977, Billy Cunningham replaced Shue as coach and led team to Atlantic Division title and to the Eastern Conference finals. In 1979-80 and 1981-82 Billy piloted the team to the NBA finals. Lou Scheinfeld was appointed president of the club on January 30, 1980, and relinquished duties on June 1, 1981. Harold Katz purchased the club July 9, 1981, the sale was approved on Sept. 21 by the NBA and became final on Sept. 24, 1981.

8 NO. 1 DRAFT PICKS COMING

From 1983 to 1986 the Sixers have 8 No. 1 draft picks. The Sixers also are due Denver's No. 1 pick in a year (1983 or 1984) to be determined by the Nuggets as part of the Bobby Jones-George McGinnis transaction.

FIELD GOALS ANALYSIS 1981-82

If an NBA team is planning to be a consistent winner, it had better plan to outscore its opponent from the field most of the time. Records for the 1981-82 season show that the team which had more field goals won 664 times and lost only 206 times for a .763 winning percentage according to Richard Pfander of Battle Creek, Michigan. There were 73 games in which both teams scored the same number of field goals. Los Angeles, the 76ers and Boston were best at winning when outscoring their opponents from the field, while Cleveland, Utah and San Diego had the most trouble doing so. Winning games while being outscored from the field was very difficult. Only Boston was able to win even half of such games, but Boston, Denver and Los Angeles had the best percentage—San Diego, Cleveland and Kansas City the worst.

FREE THROWS ANALYSIS 1981-82

For some NBA teams, the ability to make more free throws than an opponent during an NBA game almost guaranteed a victory. Two teams won more than 80% of their games when they made more free tosses than their opponents. For other teams the results were not that dramatic. Overall, the team making the most free throws during the 1981-82 season won 582 games and lost 316 for a .648 winning percentage according to Richard Pfander of Battle Creek, Michigan. There were 45 incidents of each team making the same number of free throws. Boston, Milwaukee, and the 76ers had the best records when making more free throws than their opponent, while Cleveland, San Diego and Dallas had the most trouble. The teams which won the most when making fewer free throws than their opponent were Los Angeles, Boston and Milwaukee, while Chicago, Cleveland and Utah experienced the most trouble.

Consistency in the NBA is, among other things, being able to put double figure scoring on the board every night. Five players were able to score in double figures in every game they played during the 1981-82 season led by Julius Erving, Dan Issel and Moses Malone who were 81 of 81.

Player	Record	Teens	20s	30s	40s	50s

HISTORY OF NBA POINT DIFFERENTIAL

This chart, researched by Richard Pfander of Battle Creek, Michigan, shows the point differential in all the 18,562 regular season games played in the NBA since its origin. The chart shows the number of times each point difference occurred and also what percentage of all games ended with that difference. As the chart shows, a two point difference has occurred the most times (1394). There have been at least two games ending in differences from 1 through 49 points plus 12 games in the 50s and 60's. The largest margin of victory was Los Angeles 162, Golden State 99 on March 19, 1972. Nearly one of every three games are decided by five points or less. Over 54 percent of all games ended with a margin of nine points or less.

CLUB NICKNAME

The late Walter Stahlberg, of West Collingswood, New Jersey, won a contest to name the club in 1963. The choice of the club's nickname was announced on August 6, 1963. There were almost 500 different suggestions among the entries and Stahlberg was one of several who picked the 76ers. However, his accompanying 25-word explanation was deemed the best by the judges, and he and his wife received an all-expense trip to the West Coast to see the 76ers play San Francisco.

ANALYSIS OF NBA'S QUARTER SCORING 1981-82

The accompanying chart shows the quarter scoring for and against NBA teams in 1981-82. They show Denver topped the league in points scored in each of the four periods and Portland in overtime. They also show Washington scored the least points in the first period, Indiana in the second, New York in the third, Atlanta in the fourth and Dallas in overtime. Then we analyzed the 657 periods in which less than 20 points were scored and the 122 periods in which 40 or more points were tallied. We discovered that Denver had the least (3) sub-20 point periods and Atlanta the most (50). Denver had 26 40-point periods and Dallas and Indiana none. On the defensive end, Atlanta limited foes to under 20 points on 46 occasions and Denver only held down foes 6 times. As for 40-point periods, 30 foes of Denver hit the mark, while Indiana didn't allow any foe to hit 40 (39 was most scored vs. Pacers).

If you check the totals, you'll note that more (192) sub-20-point games came in the 4th period and the least (119) in the 1st period. At the same time you'll find the most 40-point periods (38) came in the 4th period and the least (23) in the third period.

2-GAME LOSING STREAKS

No team in NBA history has gone through a season without losing at least two games in succession. The teams that had only one such streak were Boston in 1980-81, 1974-75 and 1972-73. Teams that only had 2-game losing streaks twice were Boston 1981-82, Milwaukee 1980-81 and Golden State 1975-76; Minneapolis 1949-50; Syracuse 1949-50. Those with three were 1971-72 Los Angeles, 1960-61 St. Louis and 1979-80 Boston; 4 2-game streaks were accomplished by 1962-63 Boston and 1949-50 Rochester; five for the 1971-72 and 1969-70 Milwaukee teams; 1966-67 Boston and 1948-49 Minneapolis. It was done 6 times by 1963-64 Cincinnati, 7 times by 1980-81 Phoenix, 1972-73 Capital and 8 times by 1976-77 76ers.

WINNING WAYS 1981-82

How important is it to get the jump on the opposing team in an NBA game? How vital is it to finish stronger than the opponent in an NBA game? Research by Richard Pfander of Battle Creek, Michigan, indicates that both a good start and a fast finish are quite important. Winning teams outscored losing teams in the first quarter over 61 percent of the time last season in the 943 game schedule. The exact numbers were 578 games in which winners outscored losers and 307 games in which losers outscored winners in the first quarter. There were 58 ties. Winners outscored losers over 62 percent of the time in the fourth quarter. The exact numbers were 587 games in which the winner outscored the loser and 301 games in which the loser outscored the winner. There were 55 ties. The playoffs were a bit different. Winners outscored losers more than 68 percent of the time in the first quarter and losers outscored winners only 25 percent of the time. Winners outscored losers over 70 percent of the time in the final quarter and losers outscored winners 25 percent of the time. The numbers:

	Regular Season (943 games)				Playoffs (47 games)			
	1st Period		4th Period		1st Period		4th Period	
Win	578	61.29%	587	62.25%	32	68.09%	33	70.21%

LOWS SINCE 24-SECOND CLOCK

Since the 24-second clock was introduced into the NBA in the 1954-55 season, the lowest scoring regular season game was a 62-57 victory by Boston over Milwaukee on February 27, 1955 at Providence. In this game the floor was atop ice and the moisture came through the boards to make running hazardous. The total of 119 is the low and so are the 57 points by Milwaukee (now the Atlanta Hawks). The lowest scoring playoff game found Ft. Wayne beating Syracuse, 74-71, April 7, 1955 at Indianapolis. The total of 145 points and the 71 by Syracuse are the lows. Buffalo scored 63 vs. Milwaukee Oct. 21, 1972 and Chicago 65 at Phoenix, Mar. 6, 1975; Cleveland 67, Nov. 19, 1977, Dallas 68, Feb. 4, 1981 and Phoenix 68, Mar. 8, 1981.

DOMINANCE INDEX RATINGS

Several years ago Sports Illustrated Magazine devised a Novel Dominance Index with the idea of showing via points how much a team dominated a season. To secure the figure for each team, the championship team's average margin of victory is divided by the margin of victory of the second best team. In some cases, the team with the best win and loss record didn't have the best margin of victory. All this deals with the regular season action and, naturally, there are many cases where the team with the best regular season record failed to win the playoffs. The best team according to this system is the 1955-56 Warriors who had a 4.3 victory margin against an 0.7 differential for next best Boston. The best margin of victory was 12.3 for Los Angeles in 1971-72.

Richard Pfander of Battle Creek, Michigan, has done a thorough analysis of the 1727 different players who have appeared in at least one NBA game since the 1946-47 season. These players performed a total of 6108 seasons which averages out to 3.54 years per player. They have played a total of 358,368 games which averages 207.51 games per career. These players have scored 3,870,069 points which averages out to 2240.92 points per career. Thus, the average NBA career spans about 3½ seasons, 207 games and 2240 points. During the 1981-82 season, 316 players performed in the NBA, including 65 players playing their rookie season in the league. That list of rookies does not include Edmund Sherod of the New Jersey Nets who did not play during the 1981-82 regular season with the Nets but did appear in the team's two playoff games. Sherod is the only player in NBA history to have played in the playoffs but not during the regular season.
